AIDS IN AFRICA: A PANDEMIC ON THE MOVE

Nova Science Publishers Inc. Hardback. Book Condition: new. BRAND NEW, AIDS in Africa: A Pandemic on the Move, Garson J. Claton, Sub-Saharan Africa has been more severely affected by AIDS than any other part of the world. The United Nations reports that 25.4 million adults and children are infected with the HIV virus in the region, which has about 10% of the worlds population but nearly 64% of the world-wide total of infected people. The overall rate of infection among...

Reviews

Excellent electronic book and valuable one. We have read and so i am sure that i am going to likely to study again once more in the foreseeable future. I am just happy to inform you that here is the very best book i have read during my personal lifestyle and might be he greatest book for possibly.

-- **Brendan Wuckert**

Complete guideline for ebook enthusiasts. It really is loaded with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.
