

Stanley Cavell: Skepticism, Subjectivity and the Ordinary

Filesize: 3.34 MB

Reviews

This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Polity Press. Paperback. Book Condition: new. BRAND NEW, Stanley Cavell: Skepticism, Subjectivity and the Ordinary, Espen Hammer, Stanley Cavell is a leading figure in American philosophy and one of the most exhilarating and wide-ranging intellectuals of our time. In this book Espen Hammer offers a lucid and thorough account of the development of Cavella s work, from his early writings on ordinary language philosophy and skepticism to his most recent contributions to film studies, literary theory, romanticism, ethics, and politics. The book traces the many lines of skepticism occurring in Cavella s work and shows how they amount to a rich and subtle picture of human subjectivity. Hammer explores Cavella s passionate engagement with Austin and Wittgensteina s visions of language, and his uncovering of conceptions of the ordinary in Emerson and Thoreau. Central sections of the book are devoted to the tragic and the comic as these modes of existence come into play in Shakespeare and Hollywood cinematic drama. In elaborating Cavella s responses to thinkers such as Heidegger, Levinas, and Derrida, the author situates Cavella s writing within the wider context of contemporary continental philosophy. Hammer clearly reveals the existential dimensions of Cavella s thought. He argues that his variant of ordinary language philosophy is a vital stimulus to self-transformation in cognitive, aesthetic, ethical, and political domains, contributing significantly to a rethinking of issues such as responsibility and autonomy, and the relationship between philosophy and literature. A critical introduction to the thought of an inordinately complex writer, this book will be of great interest to students and scholars in philosophy, literary theory, cultural theory, comparative literature, and media and cultural studies.
