Women, far more than men dread the idea of growing old. That is because they subconsciously have the fear that there will be nobody to take care of them, then they grow comparatively old and helpless. The first adjustment to this idea comes in middle age, with its foreshadowing of old age. This is when middle-aged people begin to think about the next stage of life. If a woman has devoted her life to being the center of her family, she may look ahead fearfully...
