BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The U. S. Postal Services (USPS) financial condition and outlook are deteriorating because revenues are not sufficient to cover its expenses and financial obligations. These challenges continue to threaten USPSs financial viability and GAO has therefore retained USPS on its high risk list issued in February 2011. USPS also faces cost pressures from maintaining a national network of processing, retail, and delivery operations. This testimony discusses (1) updated information on USPSs financial condition and outlook and (2) actions needed to modernize and restructure USPS. It is based primarily on GAOs past and ongoing work, as well as GAOs review of USPSs recent financial results and the Presidents proposed budget for fiscal year 2012. This item ships from La Vergne, TN. Paperback.

Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.
