Brand New Book ***** Print on Demand *****.Dear Reader, Genetics study says, life expectancy is decreasing day by day, previous generation was becoming baldy, getting dead white hairs or getting diseases like coronary arteries, diabetes, in the age of 45-50 but now today s generation is becoming baldy or getting all these diseases and aberrations in genes in the age of 23-28. And they transfer that weakness, these genetically modified traits to their coming generations. They are getting younger and older in the age of 13-20 years. Our previous generations have got the wrong knowledge pertaining to lifestyle, religions etc and they have transferred them to us and we are transferring them to our coming generations. This is genetics. This unwanted energy makes us to collect assets, to lie, to pretend, to make corruption and it always has adversely bad effect for generations. Why mostly rich people suffer all the time? By reading this book, you can stop the ageing factor (becoming older in very early age) which is growing haphazardly. Save yourself from agony, frustration depression. Know the genuine truth; know the answers of your questions future. You...
