The Open Office Is Naked: The Fifth Brainchain Ruining Your Intellectual Performance (Paperback)

By Theo Compernelle

Compernelle Consulting, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Because modern ZOO-directors know more about the inborn needs of their animals, than company-directors about the innate needs of people. the cages in modern zoos are better for animals, than modern offices for people. Working in an open plan office reduces your intellectual productivity very significantly. If try to keep up your concentration, you pay the price of spending more energy, having more stress and leaving the office more exhausted than in an office with less distraction. The negative impact of these distractions that are outside of your control, is worsened by the distractions that you should control yourself: especially email, social media and surfing the web. To know if your office is fit for the work you do is very simple: do the telephone test. If you need attention and concentration to do intellectual work, and you can hear other people making phone calls. then you are in the wrong office. You re a knowledge worker or a manager of these brainworkers. But what do you know that s really practically useful about your most important instrument for your work and...
