Reviews

An exceptional book and also the font utilized was intriguing to read. This is for all who statte there was not a worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Tyson Hilpert)

THE TOLEDO FAKE

[DOWNLOAD PDF](#)

iUniverse, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.A rare eleventh-century astrolabe from Toledo-an astronomical instrument- fetches a record price of 2.8 million pounds sterling in a London auction. A few days later, Dr Martin McKenna, an eccentric British expert of Islamic art and science, is murdered in his modest London flat. Only his former teacher, Professor Rietberg, is aware of a connection between McKenna and the astrolabe-in fact he was not only the owner of the alleged medieval instrument, but also its maker. Together with his Iranian friend, Daryoush, he had been in the forgery business for years, producing medieval Islamic artifacts to near-perfection in Isfahan. This astrolabe, their latest and ultimate forgery, was not only made for money, however. McKenna wanted to leave their imprint on historical research even research based on a fake! Unaware of McKenna's complex motives and his shady business, the police limit their investigation to angry neighbours and male prostitutes. Professor Rietberg, who is proud of his detective talents already proven in the case of The Janissary File (published by Universe in 2007), suspects the murderer to be among McKenna's forgery victims. He embarks on a long but ultimately rewarding journey to find the killer, which takes him through the London art market, to Iran and the Arab Gulf States.
