A JOURNAL OF THE CRAZY YEAR (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English. Brand New Book ****** Print on Demand ****** A motorist snaps a horrendous photo of a jetliner plunging from the sky. It s last day of full sanity on planet Earth. For John Cruz, the horror began the previous day when he awakened to find himself in unfamiliar surroundings. He learns that he s been in a mental hospital for nearly three years - confined there for a crime he does not remember, a crime the hospital staff refuses to discuss with him. But then he discovers something even more bizarre. While he and other mental patients like him have been mysteriously recovering, the rest of the world has begun a descent into madness, thanks to a mysterious disease that causes many of its victims to go violently insane. Meanwhile, overhead a spectacular apparition splits the skies, as the largest comet in recorded history makes a close approach to the planet Earth. And some believe there s a connection. Now John has just one goal: to protect the woman he loves from the growing chaos. If you think all this sounds too far-fetched to be anything other than fiction-guess again. The plague at the heart of A Journal of the Crazy Year was inspired by a real pandemic-one that struck early in the 20th century, afflicting hundreds of thousands, before disappearing as mysteriously as it had arrived, with no cause and no cure ever having been found. What would happen if it comes back again in an even more virulent form? A Journal of the Crazy Year is as relevant as this morning s headlines. Find out why readers and critics alike agree: you ve never read an apocalyptic or zombie novel quite like this one. Fresh thinking...
